

# ENZY PEEL

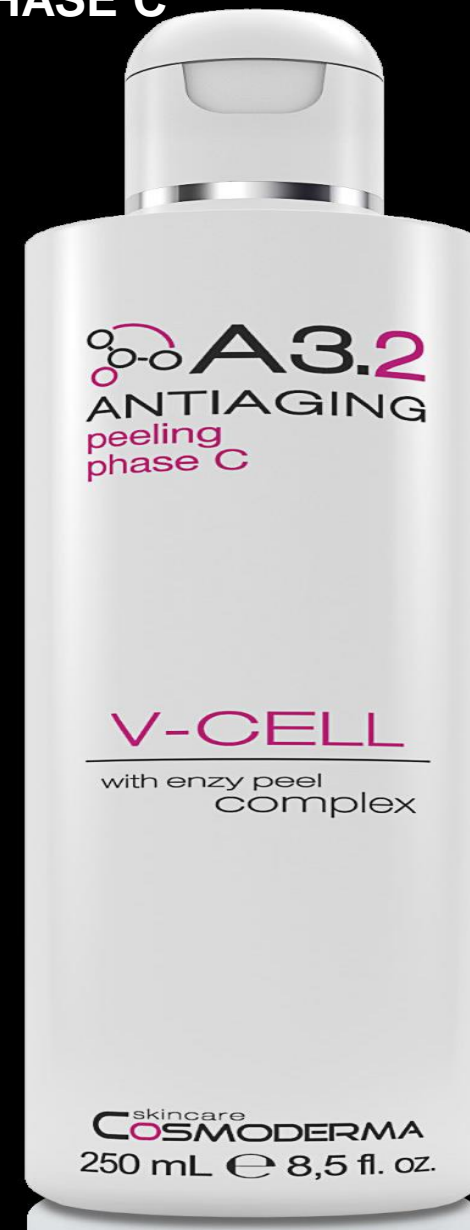

GEOSMATIC  
COSMECEUTICALS &  
COSMOCARE PVT. LTD. <sup>TM</sup>

PHASE A

PHASE B

PHASE C

## Introduction :-

- It's a soft epidermal skin renewal treatment which gives a **smooth enzymatic exfoliation** with the help of a plant proteolytic enzyme called as "**Papain.**"
- It comes in 3 phases :-

Phase A :- Base emulsion [it's the vehicle used to disperse the enzyme immediately before the use].

Phase B :- Enzyme powder [the enzyme in anhydrous form ].

Phase C :- Stop lotion [to block the enzymatic action if and when needed before the natural end stop].For all skin types.

## **Phase A :-**

Aqua ,Glycerin , Isopropyl Palmitate ,Cetearyl Alcohol,allantoin,sorbitol,tetrasodium Edta,magnesium Nitrate,magnesium Chloride ,Parfum.

## **Phase B**

Papain , Talc ,Bentonite.

## **Phase C**

Aqua ,GLYCERIN, magnesium sulfate , sorbitol,magnesium nitrate , magnesium chloride , PEG-40 ,hydrogenated caster oil,Parfum,Methylisothiazolinone, propylene glycol.

# What Is Papain Enzyme?

- It's a highly **potent proteolytic-digestive metabolic enzyme** extracted from green papaya latex.
- It consists of **212 amino acids** along with rich content of **Malic acid**[which is a really efficient alpha hydroxy acid] .
- Alternate name for Papain is Papaya Peptidase I.

# Mechanism of action of Papain

Carries out smooth exfoliation  
Dissolves the proteins by  
decreasing corneocyte cohesion ,  
i.e. brings out desquamation of  
stratum corneum

Removes dead skin cell without  
affecting the healthy skin along  
with causes unclogging of the  
pores.

**PAPAIN**

Anti-inflammatory activity &  
accelerates wound healing.

Softens , smoothens and hydrates  
the skin

- Antiaging property [ wrinkles , fine lines ]
- Skin rejuvenation.
- Anti-inflammatory property.
- Clogged pores.
- Dull , dry , lifeless , rough skin
- Instant glow.
- Sensitive skin [due to soft exfoliation there is no downtime at all]

- Cleanse the skin .
- Take the phase A and Phase B in 1:1 ratio , add little bit of saline water to give it a paste form.mix it well with spatula.
- Apply it through out the face [neck] .
- Keep it for 30 minutes
- Apply little bit of Phase C with cotton to give a shiny area.
- Wash it off with water after 30 minutes.

- Safe.
- Non irritant .
- No downtime[s pares the healthy and intact skin , carries out soft exfoliation].
- Pleasant fragrance.
- Easy to use .
- Can be used in all skin types.

- Can be combined with Peels [ Simildiet, miami peels], Lightening therapies [such as AGAS , Melanoout] on the same day .
- Can Be Combined With Microneedling , Dermarollers [Rege Rollers Of Size 0.5 , 1 , 1.5 , 2 Mm] & Meso Products [Such As Revive MN , XTRA LIGHTENING , ANTIAGING]
- Can be combined with Skin rejuvenation laser & IPL procedures [ Such as Formalight & Lutronic Spectra, Lumi8 treatment]

Thank you
